

About *Social Science Diliman*

Social Science Diliman: A Philippine Journal of Society and Change (SSD) is the flagship journal for the social sciences of the University of the Philippines Diliman. It is internationally refereed, semiannual, and bilingual (in English and Filipino). *SSD* publishes works on the social sciences and its applications. We consider works that have a broad focus and will be of interest to scholars beyond a single discipline, area of study, and time frame. Book reviews are also published.

SSD provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.
